

Magnet Information Sessions— Fall 2016

AACPS Magnet Information Sessions!

For more information about the Magnet Programs offered in AACPS and information about the online application process, attend one (or more!) of these information sessions, talk to your school counselor, or visit our website: www.aacps.org/magnet.

For questions about the information sessions contact the Magnet Office at 410-533-4815 or 410-222-5435.

General Magnet Information Evenings—starts at 6:00 p.m.

General magnet information sessions provide an overview of all magnet programs and the application process associated with choosing to enroll in an AACPS magnet.

September 22 @Annapolis High School

September 27 @Old Mill High School

These sessions are for all interested students and their families.

--	---	--	--	---

Specific magnet information sessions provide an overview of the specific magnet program offered at the host school, provide a tour of the school and answer specific school-based magnet-related questions as well as overall AACPS magnet related inquiries. Computers will be available so that magnet applications may be filled out onsite!

When Can You Apply for the 2017–18 School Year?

The Online Magnet Application opens September 30, 2016 and closes at noon on November 30, 2016!

AACPS Magnet Program Overview

Please note, Magnet programs are available only to students living in Anne Arundel County.

What is a Magnet Program?

Magnet Programs, part of Anne Arundel County's *Programs of Choice*, offer motivated students the opportunity to engage in a specialized course of study that differs from the traditional curriculum offered in AACPS. Eligible Magnet students will have the opportunity to gain rigorous and relevant learning experiences in subject areas in which they have great interest.

- A student's Magnet School is determined by their home middle school. (Exception: A student's PVA High School is determined by his or her Arts Major.)
- These are public school programs and are offered at no cost to students. (Some programs may have lab, field trip, or exam fees.)
- Transportation is provided from consolidated bus stops.

What Middle School Programs are available?

The **International Baccalaureate Middle Years Programme** (IB MYP) provides a student-centered education that challenges students to make connections between education and the real-world as they consider their roles in both local and global communities.

The **Science, Technology, Engineering, & Math** Middle School (STEM) Magnet Program immerses students in an interdisciplinary, inquiry-based, and technology-rich curriculum where they will apply STEM subjects to the world around them.

The **Performing Visual Arts** Middle School (PVA) Magnet Program offers advanced arts instruction and performance opportunities through a strong academic curriculum interwoven with the arts.

Students apply to these Middle School programs in the fall of grade 5.

What High School Programs are available?

The **Biomedical and Allied Health** (BMAH) Magnet Program offers students hands-on experience to learn and discuss relevant 21st century biomedical and allied health issues.

Students apply to this program in the fall of grade 8.

The **Performing Visual Arts High School** (PVA) Magnet Program immerses students in a cutting edge, arts infused college and career preparatory curriculum designed to foster effective communication and creative-critical thinking.

Students apply to this program in the fall of grade 8.

The **Centers of Applied Technology** (CAT) Magnet Program offers students the opportunity to apply theory and knowledge towards skills proficiency through hands-on technical experience similar to what they would receive in the commercial/industrial workplace.

Students apply to this program in the fall of grade 9, 10, or 11.

The **Science, Technology, Engineering, & Math** High School (STEM) Magnet Program uses problem/project-based learning and cutting-edge technology to expose students to the importance of STEM subjects in the world today.

Students apply to this program in the fall of grade 8.

The **International Baccalaureate Middle Years/ Diploma Programme** (IB MYP/DP) offers a broad and balanced curriculum designed to promote student centered inquiry, creative and independent thinking, and effective communication.

Students apply to this program in the fall of grade 8 or 10.
